SUPPORT THE TEACH TOURISM GRANT

The Teach Tourism Grant, a Teach Tourism Initiative, will provide educational and financial resources for secondary school teachers who teach tourism and culinary arts classes in Arlington ISD. The grant can be used to fund curriculum support, projects, and programs.

By pursuing and effectively utilizing these grants, educators can enhance their teaching of tourism, contribute to better student learning experiences, and support the broader goals of tourism education. Teachers who focus on tourism education can help foster student engagement, support innovative projects, and improve educational outcomes.

Tourism supports nearly 15,000 jobs in our community and there are many jobs that remain unfilled. A skilled workforce is essential to the continued growth of tourism in Arlington. Tourism jobs are upwardly mobile and can provide career opportunities for youth from economically disadvantaged communities.

HOW YOU CAN HELP

Your donation of \$1,000 will help support one grant annually for teachers who instruct culinary arts and travel and tourism programming in the Arlington ISD Career & Technical Education programs. Your support will provide teachers with the additional resources needed to support tourism education and provide programs that will benefit economically disadvantaged students in our community.
